

## SALUKI SUMMER BRIDGE 2016

### Call for Proposals

Saluki Summer Bridge is a FREE, two-week residential academic enrichment program designed to help first-year student's transition and adjust to college life. Students participate in non-credit bearing college-level courses, study skills workshops, study labs, and campus resource seminars that will help them prepare for their first semester at SIUC.

We are seeking graduate or doctoral students to teach engaging college-level courses on a variety of subjects to selected program participants. Each class session meets for fifty minutes, five days a week **July 11<sup>th</sup> through July 22<sup>nd</sup>**. Upon the completion of the program, instructors will be paid a one-time \$500 stipend. Suggested topics are listed below, similar topics across disciplines may be accepted:

- Humanitarianism and Global Justice
- Race and Hip Hop
- Communication Across Cultures
- Creative Research and Leadership
- Transforming Ideas to Innovation
- Aspects of Engineering and Technology
- Forensic Science
- Information and Electronic Systems Technology
- Medical Preparation: Human Anatomy
- English 101
- Law and Society

### Proposal Guidelines

- Proposals from all academic disciplines are welcome
- Courses should be designed for college-level freshman
- Proposals should include a general summary of the course including learning objectives, themes to be examined, and sample assignments, syllabus, and a final project.
- Requested textbooks or materials

Please submit a resume and the proposal via email or fax by Friday, May 6, 2016 to:
